Feeding Instructions

Consent	Initial
All patients must be free of external parasites. Animals with fleas and/or ticks present will be administered a preventative at the owner's expense.	
For the protection of our patients, all dogs being admitted must be current on rabies, canine distemper, and bordetella vaccines. All cats must be current on rabies and feline distemper vaccines. If necessary, an exam will be performed and vaccines will be given per the veterinarian's approval.	
Pets may be picked up and dropped off during regular business hours only Mon-Fri 7:30am – 6:30pm.	

All animals will receive an exam (\$47.00) before receiving any vaccines.
